

Geomatics Technician – Laser Scanning

SarPoint Engineering Ltd. has an immediate opening for 2 Geomatics Technicians to assist with and eventually act as team lead for our laser scanning operations.

Location: Edmonton, AB.

SarPoint is a leader in the use of laser scanning and are looking to add to our team.

As the successful candidate you have:

- Some surveying experience and be comfortable working in plant site environments;
- Are willing to work outdoors;
- Must be willing to travel;
- Hold a valid driver's license and can pull a clean driver's abstract;
- Experience with laser scanning would be an asset.

In addition to a competitive salary, benefit package, and RSP program we can provide a challenging rewarding career in an open and friendly team environment.

Every member of the SarPoint team can agree on one thing: we're here to provide our clients with the best service in the industry. We're led by two of the top professionals in the industry – our CEO, Dr. Robert Radovanovic, and our President, Chris Tucker, are both leaders in their field. So when it comes to choosing our team, we hand-pick the best talent to add to our roster – curious, dedicated minds who are as excited about blazing a new path as we are.

If this sounds like the opportunity that you've been looking for, then don't wait any longer to make the move. Apply today with your resume and cover letter to info@sarpointeng.com.

We thank all applicants for their interest. Please note that only those applicants selected for an interview will be contacted.
